Test <#001>	
Description	The form must be filled in with the following data: username: 'testHandy', password:'testHandy', repeat password:'testHandy', name: 'Test', surname:'Handy', email:'testHandy@handy.com', phone number:'+34696999666', postal address:'41008'.
Expected	The system must create the account and login successfully.
Outcome	The expected.
Notes	

Test <#002>	
Description	The form must be filled in with the following data: username: 'testHandy', password:'testHandy2', repeat password:'testHandy2', name: 'Test', surname:'Handy2', email:'testHandy2@handy.com', phone number:'+34696999688', postal address:'41008'.
Expected	The system must not log in and must show the text "Username is already taken".
Outcome	The expected.
Notes	

Test <#003>	
Description	The form must be filled in with the following data: username: 'testHandy2', password:'testHandy2', repeat password:'testHandy', name: 'Test', surname:'Handy2', email:'testHandy2@handy.com', phone number:'+34696999656', postal address:'41005'.
Expected	The system must not log in and must show the text "The password do not match"
Outcome	The expected.
Notes	

Test <#004>	
<b>Description</b>	<i>The form must be filled in with the following data: username: 'testHandy2', password:'testHandy2', repeat password:'testHandy2', name: 'Test', surname:'Handy2", email:'aaaa', phone number:'+34696999600', postal address:'41005'.</i>
<b>Expected</b>	<i>The system must not log in and must show the text 'Invalid email'.</i>
<b>Outcome</b>	<i>The expected.</i>
<b>Notes</b>	

Test <#005>	
<b>Description</b>	<i>The form must be filled in with the following data: username: 'testHandy2', password:'testHandy2', repeat password:'testHandy2', name: 'Test', surname:'Handy2", email:'testhandy2@handy.com', phone number:'aaaa', postal address:'41005'.</i>
<b>Expected</b>	<i>The system must not log in and must show the text 'Does not match pattern'.</i>
<b>Outcome</b>	<i>The expected.</i>
<b>Notes</b>	

Test <#006>	
<b>Description</b>	<i>Click the cancel button.</i>
<b>Expected</b>	<i>The system must return the welcome page.</i>
<b>Outcome</b>	<i>The expected.</i>
<b>Notes</b>	

Test <#007>	
<b>Description</b>	<i>The form must be filled in with the following data: username: 'testHandy2', password:'testHandy2', repeat password:'testHandy2', name: 'Test', surname:'Handy2", email:'testHandy2@handy.com', phone number:'+34696999616', postal address:'41008'.</i>
<b>Expected</b>	<i>The system must create the account and login sucessfully.</i>
<b>Outcome</b>	<i>The expected.</i>
<b>Notes</b>	

## UC02 Browse the catalogue of handyworkers.

### Description

*An user wishes to browse the catalogue of handyworkers; he or she can do it just clicking on the right place.*

### Access

*Main Menu > Handyworkers.*

### Tests

Test <#008>	
Description	<i>The user must click on 'Handyworkers' on the main menu.</i>
Expected	<i>The system must take the user to the catalogue of handyworkers.</i>
Outcome	<i>The expected.</i>
Notes	

Test <#009>	
Description	<i>Check the second, next, previous and last page links.</i>
Expected	<i>It should work well.</i>
Outcome	<i>The expected.</i>
Notes	

## UC03 Make a maintenance request.

### Description

An user authenticated as user wishes to make a maintenance request to a handyworker; he or she can do it filling a form and clicking on the "Make" button.

### Access

Main Menu > Maintenance Requests > Not serviced requests / Already serviced requests > Make a request.

### Tests

Test <#010>	
Description	The user must get to the form following the previous instructions. Once there, the form must be filled in with the following data: description:'Testing', credit card:'4111111111111111', handyworker:'Handyworker 1', antenna:'A001'.
Expected	The system must make the request successfully and it must appear on user's not serviced requests and handyworker's not serviced requests.
Outcome	The expected.
Notes	

Test <#011>	
Description	The user must get to the form following the previous instructions. Once there, the form must be filled in with the following data: description:'Testing', credit card:'23', handyworker:'Handyworker 1', antenna:'A001'.
Expected	The system must not make the request and must show the text 'Invalid credit card number'.
Outcome	The expected.
Notes	

## UC04 List user's not serviced requests.

### Description

*An user authenticated as user wishes to list his or her not serviced requests; he or she can do it just clicking on the right place.*

### Access

*Main Menu > Login (as user) > Maintenance requests > Not serviced requests*

### Tests

Test <#012>	
Description	<i>The user must click on 'Not serviced requests' on the main menu once he or she is logged in.</i>
Expected	<i>The system must show user's not serviced requests.</i>
Outcome	<i>The expected.</i>
Notes	

Test <#013>	
Description	<i>Check the second, next, previous and last page links.</i>
Expected	<i>It should work well.</i>
Outcome	<i>The expected.</i>
Notes	

## UC05 List user's already serviced requests.

### Description

*An user authenticated as user wishes to list his or her already serviced requests; he or she can do it just clicking on the right place.*

### Access

*Main Menu > Login (as user) > Maintenance requests > Already serviced requests*

### Tests

Test <#014>	
Description	<i>The user must click on 'Already serviced requests' on the main menu once he or she is logged in.</i>
Expected	<i>The system must show user's already serviced requests.</i>
Outcome	<i>The expected.</i>
Notes	

## UC06 Service a request.

### Description

*An user authenticated as handyworker wishes to service one of his not serviced requests; he or she can do it filling in a very short form and clicking on the button 'Service'.*

### Access

*Main Menu > Login (as handyworker) > Maintenance requests > Not serviced requests > Service*

### Tests

Test <#015>	
<b>Description</b>	<i>The user must click on 'Not serviced requests' on the main menu once he or she is logged in. Then the user must click on service and fill the form in with the following data: results description: 'The maintenance request has been serviced successfully'.</i>
<b>Expected</b>	<i>The system must service the request successfully and it must appear on handyworker's already serviced requests and user's already serviced requests.</i>
<b>Outcome</b>	<i>The expected.</i>
<b>Notes</b>	

## UC07 List handyworker's not serviced requests.

### Description

*An user authenticated as handyworker wishes to list his or her not serviced requests; he or she can do it just clicking on the right place.*

### Access

*Main Menu > Login (as handyworker) > Maintenance requests > Not serviced requests*

### Tests

Test <#016>	
Description	<i>The user must click on 'Not serviced requests' on the main menu once he or she is logged in.</i>
Expected	<i>The system must show user's not serviced requests.</i>
Outcome	<i>The expected.</i>
Notes	

Test <#017>	
Description	<i>Check the second, next, previous and last page links.</i>
Expected	<i>It should work well.</i>
Outcome	<i>The expected.</i>
Notes	

## UC08 List handyworker's already serviced requests.

### Description

*An user authenticated as handyworker wishes to list his or her already serviced requests; he or she can do it just clicking on the right place.*

### Access

*Main Menu > Login (as handyworker) > Maintenance requests > Already serviced requests*

### Tests

Test <#018>	
Description	<i>The user must click on 'Already serviced requests' on the main menu once he or she is logged in.</i>
Expected	<i>The system must show user's already serviced requests.</i>
Outcome	<i>The expected.</i>
Notes

Test <#025>	
Description	<i>The user must click on 'Banners' on the main menu once he or she is logged in. Then, the user must click on delete. The system will show a display of the banner and it can be removed there.</i>
Expected	<i>The system must remove the banner successfully.</i>
Outcome	<i>The expected.</i>
Notes	

## Additional tests

*If necessary, design additional tests that cannot be easily associated with a particular use case. Describe them in this section.*

Test <#999>	
<b>Description</b>	<i>Describe the test that must be performed. For instance, "Change the language to Spanish".</i>
<b>Expected</b>	<i>Describe what you expect from this test. Include screenshots if necessary. For instance, "Every message displayed by the system must be in Spanish".</i>
<b>Outcome</b>	<i>Describe what you've got when you performed this test. Add screenshots if necessary. Please, make sure that your description is enough for a developer to repeat what you've done, so that he or she can correct the problem. For instance, "Option `Register' in the main menu was not properly translated into Spanish. The system displays it in English".</i>
<b>Notes</b>	<i>Add notes if necessary.</i>
